

Using the Zoneminder (zmNinja) app

The zmNinja-pro app is available for Android and Apple and lets you view and control cameras from your phone.

Search for ZMNinja in the app stores, or use the links below:

When you open the app the first time, use the wizard to configure the app.

1. Set the Zoneminder portal URL to: <https://zm.groundtruth.nz> and click **next**

A screenshot of the "zmWizard" app's welcome screen. The title bar is blue with a hamburger menu icon and the word "Wizard". Below the title bar, there's a "Welcome to zmWizard" message with a small icon. A text box contains the URL "https://zm.groundtruth.co.nz". A "Next" button is at the bottom left. A progress indicator at the bottom shows three steps, with the first step being active.

2. Set the two switches "I use authentication" and "I use ZM authentication" on, and then enter your email and password. Click **next**.

A screenshot of the "zmWizard" app's "Portal Authentication" screen. The title bar is blue with a hamburger menu icon and the word "Wizard". Below the title bar, there's a "Portal Authentication" section. Two toggle switches are shown, both turned on. Below them are input fields for "user name" (containing "me@xyz.conz") and "password" (masked with dots). A "Next" button is at the bottom right. A progress indicator at the bottom shows three steps, with the second step being active.

3. If the URL and email/password are correct you should get green indicators. Click on **"Go to Login Screen"**

Wizard

Results of auto-detection

Portal: <https://zm.groundtruth.nz>

API: <https://zm.groundtruth.nz/api>

cgi-bin: <https://zm.groundtruth.nz/cgi-bin>

Once auto-detection is over, you could either:

- Go back to previous steps and re-do
- Go to the login screen with these findings auto filled in

☐ use basic authentication

To view and control camera, go to the main menu and select Monitors. Click "Live view" to see the video feed. Use the top-right button and select "Control" to view the PTZ controls. Select the bottom-right button and select "exit live view" to close the feed.

The screenshot shows the ZoneMinder live view interface. At the top right, there is a timestamp '2021-11-12 16:38:03' and a pink circular button with a downward arrow. A red arrow points to this button. On the left side, there is a circular button with a left arrow. At the bottom left, there is a row of five icons: a left arrow, a camera icon, a lightning bolt icon, a circular arrow icon, and a bicycle icon with 'OFF' text. At the bottom center, there is a text label 'Kapiti - Rangitira' and a green 'record' button. At the bottom right, there is a pink circular button with an upward arrow. A red arrow points to this button. The background is a live video feed of a landscape with green hills and a cloudy sky.
